An Act to Provide for the Registration  
of Voters in Christian County.

CHAPTER 781.

An Act to provide for the registration  
of voters in the county of Christian.

Be it enacted by the General Assembly  
of the Commonwealth of Kentucky:

OFFICERS.

1. That the county judge of Christian county, the clerk of the Christian county court, and the sheriff of said county, shall constitute a board, which shall between the first and thirtieth of April of each year, appoint four sober and discreet citizens in each voting precinct of the said county to act as judges, clerk, and sheriff of registration in the precincts for which they are appointed. No person shall be eligible as judge, clerk, or sheriff, who is not a voter in the precinct for which he is appointed and a house-keeper. And where there are two political parties, said officers of registration shall be so selected, as that one of the judges of each precinct shall be of one political party and the other shall be of the opposing political party; they shall serve for one year from the time of their appointment; and each officer of registration, before entering upon the discharge of his duties, shall take the oath prescribed by section one, article eight of the constitution.

2. The sheriff of Christian county shall at least ten days before the general registration, in each year as provided for in this act, give each officer of registration written notice of his appointment. Should the court, sheriff, and clerk fail to appoint, or should all the officers appointed fail to attend at the place of registration for one hour after the time of commencing the registration, or refuse to act, the sheriff, judge, or clerk, or either of them that can be found, of the county, shall appoint officers to act in their stead for that registration, but should one or two officers be in attendance he or they may fill vacancies for the purpose of conducting that registration, and may administer the necessary oaths of office.

3. Officers of registration shall have the same power to preserve order at the places of registration, as is exercised by officers of election at the polls. If the officers of registration entertain any doubt as to whether or not any person offering for registration is entitled to such register, or if any one's right to register is challenged, citizens may be called in, not exceeding three in number, who shall be examined touching the qualifications of such person or persons who offer to register.

FORMS.

4. It shall be the duty of the county clerk of Christian county, to prepare the proper forms and cause to be printed two registration books for each precinct in the county of Christian, one of which shall be kept in his office to be used as provided in section six of this act, and the other known to one of the officers, or if any

### The Beauty Of Health.

How many women with regular features that might be beautiful, are not, and instead of awakening our admiration only raise our pity. Their hollow eyes and sunken cheeks, and sallow skin haunt our memory. Alas! an invalid wife or mother or sister fills the house with gloom and sadness, and an otherwise happy fireside is shadowed with a pair of regret. Blessed be the physician who has invented a remedy with power to strengthen the female organization, that regulates the delicate functions of feminine life, that relieves those bearing-down pains, that renews the appetite, that perfects digestion, that brightens the eye and beautifies the complexion with the glow of health. Such a remedy is Dr. Bill's Saraparilla. It is woman's best friend for counteracting the evils that afflict her sex. Thousands of ladies owe their beauty to a use of this incomparable alterative. Demand it of your druggist. Take no other.—Paris News.

### Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A pure elixir does not exist and is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other afflictions caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malaria fevers.—For Cures of Hendrich, Coatsipon and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded.—Price 50¢ each, and \$1.00 per bottle at H. B. Garner's Pharmacy.

The Congressional situation has not changed. It begins to look like Ellis will be given a walk-over. None of the would-be candidates have the temerity to tackle him.

After all Kemmler was not elected this week. On the day set apart to touch him off, a New York lawyer appeared upon the scene with a writ of habeas corpus returnable June 16 and the execution was stopped. The case will now go into the Federal courts and Kemmler may die of old age before the constitutionality of the new law is finally settled.

The ridiculous custom of printing bills of fare in foreign languages still prevails even in Kentucky. At a public banquet given to visitors from other States, at Lexington, Ky., the other day, only one article on the entire bill was set down in plain English language. The rest was a conglomeration of French, Spanish and other languages in no respect superior to our own. The English tongue is the prevailing language of this country and it ought to be good enough for any patriotic American citizen to eat by.

Representative Clark is still trying to tack amendments to the Registration bill published in to-day's paper. What he particularly objects to is the certificate feature. It is not likely that any voter who is interested in the election will be so careless as to lose his certificate. The object of this clause is to positively identify doubtful characters and to keep floaters from appearing among registered voters. It is hard to understand why there is such violent opposition to a measure that is designed only to secure fair and honest elections and derives no legal voter of his right to vote.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheaney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonial address, F. J. From Rev. Dr. John W. Hanner, Sr., Clarksville, Tenn.:

E. M. Thomas—I wish to recommend your Vitalis as an excellent remedy for disordered stomach and torpid liver. One knows what he swallows in the capsules; that is much. And the ingredients of the pills, you say, make the best cholagogue known to the profession, and from long acquaintance I believe you. The action of this medicine and its proper doses is gentle, painless and wholesome. During four years of my life I took no medicine of any kind, but now need occasionally just such as your Vitalis. ### LEGISLATIVE MATTERS.

Five hundred new bills were introduced in the House Tuesday. Local bills have been passed at a lively rate every day this week.

The Senate bill to amend the charter of Crofton has passed the House.

A bill to provide for a board of auditors for Central City passed the House.

The Senate rejected an act fixing the weight of a bushel of corn at 68 pounds.

Goy, Buckner vetoed a bill restoring F. M. Gibson, an ex-convict, to citizenship.

The bill to prohibit the sale of liquor in Knott county without a vote has passed the House.

Representative Jim, C. Draddy, of Newport, was married April 29, to Miss Adele Gildemun, of Milldale, Ky.

The House rejected the bill authorizing the Russellville Herald to hold a gift distribution, forbidden by the new lottery act.

The Prison Committee has reported declining to release the leases from their convicted contract and a majority recommend that no further approbation be made for the Eddyville penitentiary.

The bill to make one legislative district out of Johnson, Martin and Pike, and another out of Floyd, Letcher and Knott passed the House. This is a joint proposal of Representatives Latimer and May, designed to secure their election to the Constitutional Convention.

The house bill known as the "stiff hill" to give the dead bodies of convicted to the medical colleges for dissection, was passed by the Senate.

Mr. Stewart's amendment that the bill only apply to such convicts as were doctors, physicians, grave-robbers and medical students, was rejected.

Mr. Moore has introduced a bill to regulate the press. The bill provides that "any person who willfully states, delivers or transmits by any means whatever to the manager, editor, publisher or reporter of any paper, magazine, publication or periodical for publication therein any false or libelous statement concerning another person or corporation shall be deemed guilty of misdemeanor and shall be subject to the same fines and penalties as are now fixed by law for the publication of such false or libelous statements."

Judge McCarron Answers.

Editor KENTUCKIAN—In answer to "Citizen" in your last issue, permit me to say, after first thanking him for the compliment contained in his inquiry, that in my humble judgment there exists no good reason in Kentucky, at this time, for making party lines or a selection of representatives to the Constitutional Convention. So far as I know, this has never been done in this State. It certainly was not done in 1840, when the last Convention sat even in this country, which had, as I understand, four candidates, two were elected from opposite political parties and had in the State at large, which was Whig, a majority of Democrats who were chosen, then showing that the people took a higher view of the subject in hand, than to treat it in the light of a mere farce, for party supremacy, and elected their best men regardless of party affiliation. Such a convention of the utmost possible importance to the people; and I have no patience with any man (or set of men) who would so far forget his duty to his State and his children who are to follow him as to assist in the election of an inferior or unfit delegate, simply to subserve a temporary party purpose. True it is that all bodies which have to do with the science of government are, technically, political bodies; but there is a vast difference between a political body and a party or partisan convention. For instance, the party issues in the United States and therefore in Kentucky, relate to the tariff, the internal revenue, in a measure to the coining of silver. Could any man fit to represent this country in the Constitutional Convention say that that Convention can deal with any of these issues? Certainly not. Therefore, let us elect our very best men. He is to assist in the formation of the fundamental law of the State, in which all of us are alike interested—a Constitution which is not to be presented to us as a party measure, or to be changed as the party complexion of the people may change, but which shall be for all our people of whatever party, and for generations to come. We want a man well versed in the theory and science of government; who will be able to see and properly present such changes as our present Constitution as will the better secure to our people the greatest economy in the administration of justice, the greatest security in the enjoyment of our rights, and which will therefore offer the greatest inducements to the citizen to love and support his government and to foster patriotism.

I have always been a Democrat, and expect to continue to be one. I give these views as a Democrat, with no personal ends in view, and not in the interest of any of the candidates for delegate, present or prospective, but simply as a courtesy due to a courteous "Citizen" who has honored me by calling for this public expression.

Joe McCarron.

The medical fraternity, backed up by carefully compiled statistics, is almost a unit in declaring that a moderate use of stimulants conduces to long life. It is also admitted that old whiskey is by far the best stimulant that can be used. Leading physicians recommend the I. W. Harper Whiskey, because it is pure, possessed of a superior flavor and bouquet, and is often offered for sale until it is old and thoroughly matured.

Russell and Gauthier are both efficient members and earnest friends of the schools who have been on the board for several years.

**West Fork Floater.**

On Tuesday of this week a colored woman named Sophia Hart discovered the dead body of a man floating in the West Fork creek, near Barker's mill. It was in a lot of drift wood and hung by the twig of a bush. The woman notified Esq. T. M. Barker, who took the body from the water and summoning a jury held an inquest over the corpse. Decomposition was so far advanced that the jury was unable to make any positive identification. The hair had all sloughed from the head and the remaining flesh was perfectly black. The jury, however, concluded from all indications that the find was the body of a white man. The skin of the forehead was crushed in and mashed as if struck by a powerful blow, and the front teeth were all missing. The man had on a good pair of striped cassimire pants, a patched coat and a good pair of leather shoes, and in one pocket was a barbed knife and an eight penny nail. Esq. Barker was seen by a Kentucky representative Wednesday. His idea is that the man was murdered, though the jury of course could not decide without some evidence. As no one is missing from that section of the county, it is probable that the man was a stranger. He may have been murdered and put into the water, or it is possible that he may have been killed by some accident in crossing the creek at some point above. The indications, however, point to the first theory as the correct one. The body was buried near where it was found.

**Clinched By Two Voters.**

The Court of Claims re-convened Wednesday morning pursuant to call, to re-open the matter of allowing the \$5,000 fee in the O. V. case. All of the members were present but two - H. C. Clark and G. W. Winfree.

The first business of the court was to vindicate itself by resolution of any fraud and trickery in getting the docket made at the last term.

Esq. Tinsley moved to reconsider the former vote. This motion was opposed by the anti-railroad men and after considerable discussion was put and carried by 18 to 14. The court after dinner took up the main question and without discussing the merits of the matter submitted a number of the lawyers of the city as witnesses and interrogated them as to whether the Court could lawfully rescind the order of the former term. Most of the lawyers thought not. A motion to that effect was however made by Esq. Tinsley and defeated by the close vote of 15 to 17.

Ayer - T. C. Tinsley, S. B. Younglove, J. J. Cox, C. T. Yancey, M. A. Fritz, J. T. Johnson, J. A. Boyd, J. M. Renshaw, Sam Doss, B. D. Lackey, J. W. McGaughen, M. H. King, H. A. Seay, M. D. Davis, W. D. Forgeron. Total 15.

Noet - J. R. Fuller, J. D. Collins, J. B. White, D. J. Metcalfe, G. H. Myers, W. T. Hight, J. R. Ponick, J. N. Curnow, B. M. Powers, J. E. Stevenson, C. B. Frazer, T. M. Barker, L. O. Garrett, W. E. W. Warfield, J. D. Lockhart, Goo, Arastrom, George N. Johnson. Total 17.

This settles the matter so far as the Court of Claims is concerned. Messrs. H. J. Stites and John Fehan, Jr., sat in the room and watched the vote with much interest and a smile of satisfaction overspread their countenances when the result was announced.
